

CATALOGUE

Additional Products for CF-IRMS

To be used in conjunction with our main CHNOS Analysis catalogue

Ordering Information

We are happy to accept orders by any of the following methods:

Phone: +44 (0)1837 54446

Fax: +44 (0)1837 54544

E-mail: info@microanalysis.co.uk

Mail: Elemental Microanalysis Ltd
1 Hameldown Road
Okehampton Business Park
Okehampton
Devon EX20 1UB
United Kingdom

We can invoice you in Sterling, Euro or US Dollar and accept Visa, Mastercard and American Express, account facilities are readily available for regular customers, please enquire.

Shipping worldwide

We regularly ship directly to customers in all parts of the world. Local dealers are available in many countries: contact us for details.

Available locally from:

Other literature available from Elemental Microanalysis

In addition to this catalogue a range of other catalogues and product sheets are available:

Catalogues

We publish catalogues covering the following areas of elemental analysis:

- Organic Elemental (CHN/O/S)
- Nitrogen/Protein
- Inorganic
- Carbon/Sulphur
- IRMS

Product sheets

Product sheets are available for every instrument we support. These cover all the common day-to-day items required to run your instrument. These sheets are laminated to help them survive in the lab environment.

Contract analysis service

We also offer a contract analysis service for a variety of (mainly) organic compounds. Full details are in this brochure.

All literature is available using the 'fax-back' form on the rear cover of this catalogue or can be downloaded from our website.

2 Introduction

Configuration Guide

- 4 Eurovector EA-3028HT/EuroPyr
 - 5 Hekatech HT-O
ThermoFinnigan TC/EA
 - 6 ThermoFinnigan TC/EA Modified Lower Fitting
Consumables and Kits

-

9 Europa Glassware and O-rings

- 10 GC Combustion/Pyrolysis
Equilibration Reagents and Sundries
- 11 Isotope Reference Materials
Nafion Dryers®
- 12 Preparation System Vials and Seals

Faxback form

This additional brochure contains extra configurations and products that are specific to CF and EA-IRMS applications.

All other consumables and products such as reagents, capsules, glassware etc that can be used in both EA and EA-IRMS applications can be found in our main Organic Elemental CHN/O/S catalogue.

About the Company

Elemental Microanalysis grew from small beginnings almost 30 years ago as a micro-analytical laboratory to its current form as a leading manufacturer and supplier of consumables, supplies and other products for Elemental Analysers. We operate from our purpose-built factory and laboratory complex in Devon UK.

You learn a lot in 30 years - a lot about your products - how to make them and how to use them, a lot about your customers and their needs. We have been developing, refining and using products for elemental analysis since 1976 and have a unique in-depth knowledge of instruments from all manufacturers.

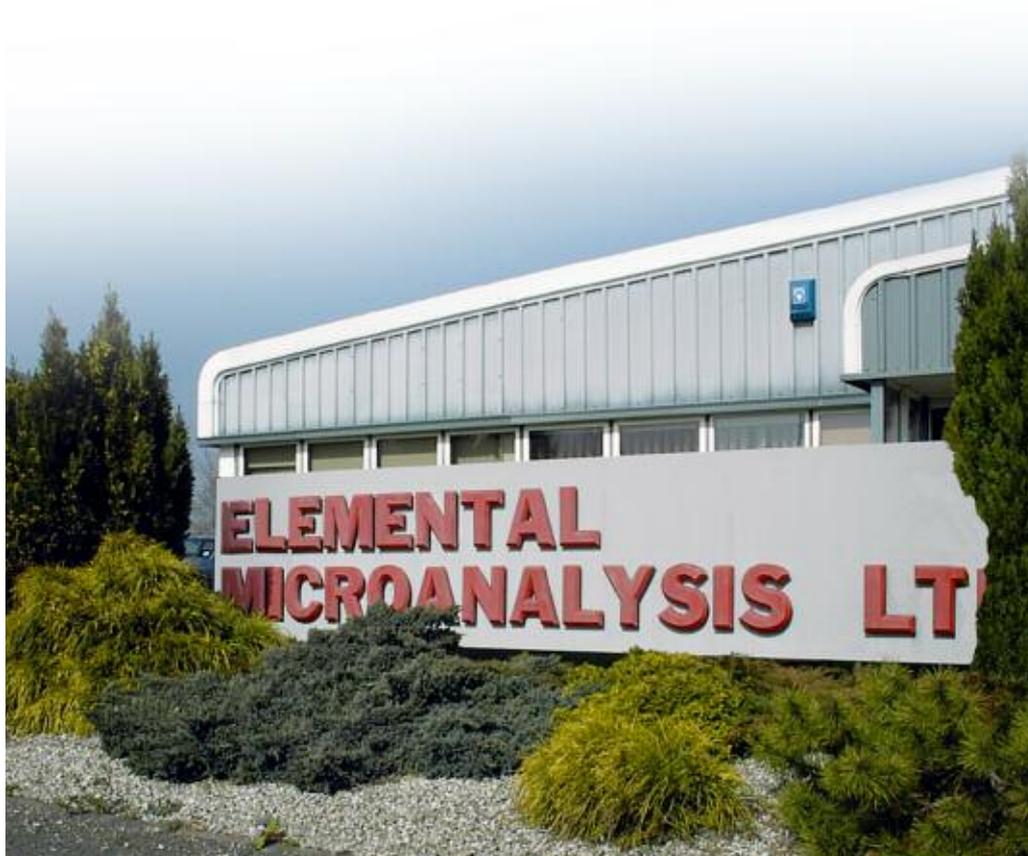

These days we offer the world's largest range of products for elemental analysers sending our products to customers across the globe.

We take great care with the quality of our products. The vast majority are manufactured in-house by our trained technicians within our ISO 9001:2000 accredited quality system. But we don't just make the products - we use them every day in our own analytical laboratory giving

us constant feedback on their performance. We do not compromise on quality and don't expect you to either. Our total satisfaction guarantee backs up our commitment to our product quality.

'Price is what you pay, value is what you get'. As the leading independent supplier of elemental analysis consumables you can achieve substantial savings in comparison to the prices charged by the original supplier of your instrument. But we know that you need more from a supplier than simply low prices. You need to buy with the confidence that your analysis will not be compromised by poor quality consumables and the knowledge that your supplier has all the resources to provide the full range of support that you expect.

We will always treat our customers with honesty and integrity. If we do make a mistake we don't try to hide it - we recognise it and put it right. We won't sell you short measure and we won't mislead you in any way. Our business is built on long-term relationships as our customers will testify - many have been with us for more than 20 years.

Configuration Guide

EA-IRMS Analysis

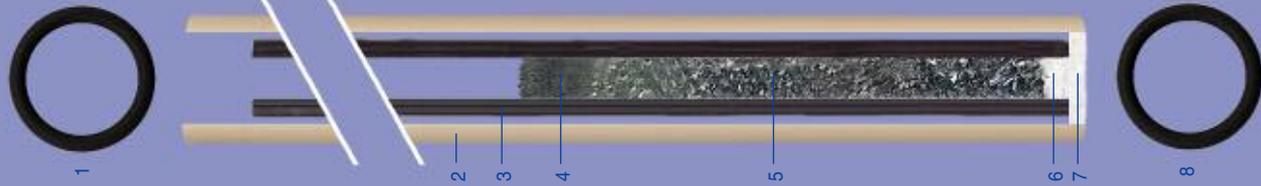

Note: See CHNOS catalogue for other EA configurations

Modified Lower Fitting

TC/EA Spares

Product	Thermo No.	Cat no.
Replacement TC/EA Furnace Element	35450010	E4406
Furnace Repair*		E4407

*Furnace repair - a faulty furnace may be sent to Elemental Microanalysis for examination with a new element and/or thermocouple fitted if required.

Modified Lower Fitting for Improved Analysis of Waters

The adapter channels the helium flow up between the ceramic outer and down through the centre of the glassy carbon tube ensuring all water vapour is swept down into the reactive zone. Use of this fitting requires a different length glassy carbon inner from standard (see below).

Product	Part no.
Adapter	E4405
O-ring	E6054 (pack of 2)
Glassy carbon tube 12 x 9 x 453	C7007

Consumables and Kits

Glassy Carbon Chips C7003

Nickel Wool B1007

Product	Pack	Cat.no.
Glassy carbon tube 12 x 7 x 356	1	C7001
Glassy carbon tube 12 x 9 x 453 for use with E4405	1	C7007
Glassy carbon tube 12 x 7 x 450 (one end closed with 2mm central hole)	1	C7005
Glassy carbon tube 12 x 9 x 400	1	C7004
Glassy carbon chips (splinter powder) 3-4mm	25g	C7002

Polypropylene body, 1/8" end fittings (A)	E2813

Replacement Inner Elements

Product	Cat no
Elements, 12" long, 0.05" OD tubing, flanged end pieces	
Polypropylene ends	E2820
Fluoropolymer ends	E2821
Stainless steel ends	E2822

Description	Part No
4.5ml Borosilicate Vial - round bottomed, 46 x 15.5mm	
Pack of 1000	
Non-evacuated, unlabelled, seal + white cap	E2830
Evacuated, unlabelled, seal + white cap	E2831
Non-evacuated, labelled, seal + white cap	E2832
Evacuated, labelled, seal + white cap	E2833

5.9ml Soda Glass Vial - flat bottomed, 55 x 15.5mm	
Pack of 1000	
Non-evacuated, unlabelled, seal + white cap	E2840
Evacuated, unlabelled, seal + white cap	E2841
Non-evacuated, labelled, seal + white cap	E2842
Evacuated, labelled, seal + white cap	E2843

12ml Soda Glass Vial - flat bottomed, 101 x 15.5mm	
Pack of 1000	
Non-evacuated, unlabelled, seal + white cap	E2850
Evacuated, unlabelled, seal + white cap	E2851
Non-evacuated, labelled, seal + white cap	E2852
Evacuated, labelled, seal + white cap	E2853

12ml Borosilicate Vial - round bottomed, 101 x 15.5mm	
Pack of 1000	
Non-evacuated, unlabelled, seal + white cap	E2860
Evacuated, unlabelled, seal + white cap	E2861
Non-evacuated, labelled, seal + white cap	E2862
Evacuated, labelled, seal + white cap	E2863

12ml Soda Glass Vial - flat bottomed, 101 x 15.5mm	
Silicone coated for C¹³ Breath Testing, Pack of 1000	
Non-evacuated, unlabelled, seal + white cap	E2870
Evacuated, unlabelled, seal + white cap	E2871
Non-evacuated, labelled, seal + white cap	E2872
Evacuated, labelled, seal + white cap	E2873

12ml Borosilicate Vial - round bottomed, 104 x 15.5mm	
Pack of 1000	
The new thread profile on this Exetainer® gives a very tight screw fit, and is designed to avoid any cap movement when samples are heated - eg. on a GasBench.	
Non-evacuated, unlabelled, seal + white cap	E2880
Evacuated, unlabelled, seal + white cap	E2881
Non-evacuated, labelled, seal + white cap	E2882
Evacuated, labelled, seal + white cap	E2883

Caps are available in a variety of colours, also replacement caps and seals - please enquire for details.

Exetainer® is a registered trademark of Labco Ltd.
